Notes

Technical notes

For better understanding of the statistical indicators mentioned in this summary, please refer to the accompanied technical notes on the SCAD website.

Data sources

Data are obtained through a field survey by collecting the prices from different outlets in Abu Dhabi Regions (Abu Dhabi, Al Ain and Al Dhafra) The data are processed and passed to the Prices and Income Section at Statistic Centre – Abu Dhabi for further editing and compilation.

More information and detailed release

For more information about the Consumer Price Index (CPI) and other official statistics, please visit the statistics link on the SCAD website at www.scad.gov.ae

Revision Statement

The CPI is compiled on a monthly basis, within 12 working days from the end of the reference month. The results of CPI calculations are considered final. Therefore, the CPI figures are not subjected to future revisions because of new data becoming available. When an error is discovered, there are transparent procedures taken with a request sent to the Project Management Office to correct the error. These procedures are in line with the policy of the Statistics Center - Abu Dhabi. The base year of the Consumer Price Index is updated as recent data from the Household Income and Expenditure Survey (HIES) become available, usually updated every five years.
